Dear Sirs:

On 10 May 1955 a 1954 Oldsmobile Sedan, license number DC AA-2881, owned by you and operated in your behalf by [REDACTED] collided with a vehicle owned by the United States Government as represented by the Central Intelligence Agency. The Government vehicle was a 1952 Chevrolet Sedan, license number U.S. 2762, operated by Theodore [REDACTED] an employee of this Agency on official business at the time of the accident. The accident occurred at the intersection of Connecticut Ave. and "L" St., N.W. in Washington, D. C.

A review of the circumstances surrounding this accident indicates that your car which was travelling south on Connecticut Ave. failed to stop at a red light and collided with our vehicle which was travelling east on "L" Street and had entered the intersection with the green traffic signal. These facts indicate that the negligence of the operator of your vehicle was directly and solely responsible for the accident and therefore formal demand is made upon you for payment of the cost of the repairs to the Government vehicle in the amount of \$52.50. We would appreciate prompt receipt of your check payable to the Treasurer of the United States.

Very truly yours,
